List any additional capabilities on a separate sheet

*Capabilities needing explanation: Fax and e-mail area mechanism used by the PTWC to send messages to the TWFP.

Marine band in EOC to receive and disseminate messages and information

Verification Team Notes: TWFP group emails: TWFP@ gov ai, ddm axa a) gmail.com
 Weather Radio Tower is being replaced. In process of relocating
 EOC to adjacent new building. Satellite feed of EMWIN with
 intermittency issues. Verified 5 systems for receiving tsunami info at EOC

Renewal Comments:

Date: Sept 18, 2011

Initials: SA

Note: Please do not write in shaded areas.

Guideline 3: Local Warning Dissemination			
Warning Point	# Required <u>2</u>	# Verif <u>4</u>	Verif
<input type="checkbox"/> Outdoor Warning Siren(s)			<input type="checkbox"/>
<input type="checkbox"/> Cable TV Override			<input type="checkbox"/>
<input checked="" type="checkbox"/> Plan for Sirens on Emergency Vehicles			<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/> Local Alert Broadcast System* (RDS)			<input checked="" type="checkbox"/>
<input type="checkbox"/> Local Pager System* (For dissemination)			<input type="checkbox"/>
<input checked="" type="checkbox"/> Telephone Tree to Critical Facilities			<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/> Coordinated Area-Wide Radio Network* VHF			<input checked="" type="checkbox"/>
<input type="checkbox"/> Local Flood Warning System*			<input type="checkbox"/>
<input checked="" type="checkbox"/> Other* radio interrupt			<input checked="" type="checkbox"/>
<input type="checkbox"/> Other*			<input checked="" type="checkbox"/>

List any additional capabilities on a separate sheet

*Capabilities needing explanation: Maintenance and upgrade were done to VHF w/ assistance of BV

The Anguilla Warning System at present has radio interrupt; there are RDS (Radio Digital Signal) receivers, e-mail alerts and broadcasting alert messaging box. There is also a 'hot button' specifically for short alert tsunamis. Alerts are sent to all media for further dissemination to all media.

RDS have been distributed to all members of the Disaster Emergency Management Committee.

Marine Band radio will also be used in EOC to advise maritime community

Verification Team Notes:

being upgraded

Renewal Comments: RDS is not currently functional! Weather Radio Tower needs to get replaced for Maritime Band Radio and Alert radios to be functional.

Sound Speakers on police vehicles. DOM will update call tree.

Verification Team Notes:

At the government offices, there are Radio Digital Receivers activated by the Anguilla Warning System. In addition, government employees have a pop up button in their emails which activate in case of emergency. 25 Radios are located throughout the government and radio stations.

Renewal Comments: Bam box - popup windows in emails. Still functional. RDS in process of being upgraded.
