

2020 World Tsunami Awareness Day

North-Eastern Atlantic, Mediterranean and Connected Seas (NEAM) Regional Webinar

4 November 2020
10.00-13.30 CEST

The overall aim of this webinar is to highlight the key advances in strategies to mitigate and prepare for tsunamis in the NEAM region, and explore how to be better prepared to reduce tsunami risk in the future. The webinar will:

- Outline key milestone achievements and challenges in the development of the technical upstream Tsunami Early Warning and Mitigation System in the NEAM region
- Highlight how pilot projects are helping to shape tsunami risk reduction at the local level
- Discuss and reflect on key challenges and opportunities in implementing local community recognition programmes such as the Tsunami Ready in the NEAM region

AGENDA

Panel 1

Overview and national advances in strategies in mitigating and preparing for tsunamis in NEAM region

Panel 2

Emerging tsunami risk reduction strategies at the local level

Panel 3

Opportunities in implementing local community recognition programmes such as the Tsunami Ready in NEAM region

Moderators: **Prof. Costas Synolakis**, Division of Natural Sciences, Academy of Athens, Greece;
and **Prof. Maria Ana Baptista** (ICG/NEAMTWS Chairperson)
